

## ***EcoStack Regulatory workshop, preliminary programme***

*(Version of 15 March 2020)*

### ***Aim***

The objectives of the workshop are to: i) Present the EcoStack inventory of regulatory policies for beneficial microorganisms to regulatory institutions and interested stakeholders; ii) Present preliminary scenarios how to possibly revise and improve regulatory processes; and iii) Collect the perspectives and opinions of regulatory institutions and stakeholders.

Meeting will be held 25 March 2021 on the internet platform Zoom
